

## **PORT GAMBLE S'KLALLAM TRIBE**

### **Planning Department**

31912 Little Boston Road NE • Kingston, Washington 98346

#### **NRE Building replacement Site Walk through Clarifications:**

On November 8<sup>th</sup>, the Planning department met with contractors on the site of the future NRE Modular building. The following points are clarification of questions asked by the contractors:

- The carport being installed will have a sub panel run to it for lights and power outlets.
- Run additional water line behind the new modular for a yard hydrant for boat and vehicle washdown.
- Install new concrete base for existing light pole. Run new power and supply new light compatible with existing light pole.
- Install new fencing to match old. New sliding gate same size as existing gate on site. Connect fencing from existing “archives “building to new NRE modular building.
